BMP MEC ITD #10

Regulatory Citation: 29 CFR1910.1200

Applicability: Spills of hazardous materials in quantities that can be handled by staff in the immediate area and initiation of assistance for larger spills

Purpose: Prompt response to spills

Person or Department Responsible: MEC-ITD staff

Schedule: As needed

Procedures: Whenever anyone observes an oil, gasoline, antifreeze or other chemical or hazardous material spill, they will immediately contact Department of Public Safety (911 from a campus phone or 629-7210) to report the spill. During normal work hours, they could also contact Physical Plant (629-7361) or Environmental Health & Safety (629-7361) if the spill is controlled by the Physical Plant. Evacuate the area and contact the Department of Public Safety or Environmental Health & Safety. An emergency will respond to conduct the cleanup.
